

# Tropical Tryst

*Indulge your wild side*

## ABOUT

### *Who we are*

- We are a community of square pegs in a world of round holes.
- We believe in self-indulgence; pleasure for pleasure's sake with no need for explanations or excuses.
- Politically correct is almost always incorrect.
- We've put a ban on the word Taboo.

### *What we do*

We curate custom experiences that are as unique as our members.

This is not your grandmother's weekend excursion (unless your Grandma is a member of our club).  
Passion-seekers and unconventional thinkers are welcome.

The door is open for all who dare...
